

VIVID Ink Tack Reducer Jelly

Product Usage

Improves the ink transfer capability

Characteristics

- Reduces the tack of the ink with minimal addition.
- No influence to the ink quality like gloss, colour depth, drying and other performances.
- Prevents sticking on the paper.
- Considerably improves emulsifying performance of the ink.
- Highly recommended for small sized offset presses.

Application

Dosage as per requirement and mix well with ink

Packaging

1/5 kg Bucket
